

The whole team at *Santa Lucia*

WELCOMES YOU

...and remains at your disposal throughout your stay.

In this brochure, you will find some useful information for your holidays. We are also available at the reception and will be happy to help you organise your adventures.

We always welcome any suggestion and comment, so feel free!

A few rules

REGISTRATION

Everyone entering the campsite must have signed in at the reception.

Driving

It is possible to drive in the campsite between 7:30 am and 11:00 pm. For everyone's safety, please respect a speed limit of 10 km/h. A code is required for each vehicle to access the campsite and only allows for one entry and one exit : please do not share it!

GUESTS

To help protecting our guests in the context of Covid-19 epidemic, **guests aren't authorised in the campsite nor can they use our services.**

CHECK-OUT

The camping day ends at 12:00. After noon, another day will start (charged for if started). We advise you to come to the reception the day before departure. Rental accommodations need to be vacated at 10:00 am at the latest. Please go to the reception desk before departure for the check-out visit (no appointment).

Fires

Fires are forbidden in the campsite. Barbecues are only allowed on the provided barbecue area and only with charcoal and barbecue lighter. Before starting the barbecues, please ask at the reception (wind etc...).

NOISE

Not to disturb your neighbours, please be mindful of the noise, especially at night, early in the morning and at nap time (radio...).

Protect our environment

For years we've been doing our best to reduce our impact on the environment. We choose to buy local, organic and respectful products as much as we can. But we need you to participate if we want to make a difference!

recycling

Glass is collected in the dedicated bins, on the cark-park.

Recycling can't be picked up directly at the campsite yet. So we advise you to take it to the bins located in front of the campsite, on the vacant lot left of the pharmacist, or in the multiple collection points in the area (towards Pinarello, Cavu river, Fautea...).

We cannot yet recycle organic your waste, but we use ours for our plants and trees all year round!

The accumulation of waste during the summer period is a real problem for Corsica.

Water

Water is a rare resource in the Mediterranean. Don't waste it. It is forbidden to wash your vehicles at the campsite. Please let us know if you see any water leak.

Energy Consumption

For chalets equipped with airconditionning, please make sure they're turned off when you leave for the day and don't use it with windows open. The same precautions apply for any useless energy consumption (t.v etc).

Hermann Tortoise, « a coppulata »
in Corsican

peace!

You can touch, listen, watch, enjoy the perfumes and colours but please, don't destroy anything.

Wildlife

Our campsite hosts many animals and plants, which often are protected or endemic. Here or while discovering the island, please try not to take anything out of its environment : picking-up sand, pebbles or seashells as a souvenir does damage our coastline and is regulated by law. Be reasonable! A number of plants are also protected, and the collection of animals is subject to specific regulations (fishing permits, specific periods) or completely banned (tortoise, Mediterranean mother-of-pearl). You could also see some snakes in the campsite: there is no poisonous snakes in Corsica and the only snakes you'll see on the islands are green whip snakes or grass snakes. Please let them tan in

For a Sustainable tourism

We believe that the best travels are those where only our footprints are left behind. Travelling is going on a beautiful adventure, opening ourselves to the world, but it can also have many negative impacts. For that reason, please keep in mind that the place you're visiting matters for those who live here everyday, that it has a culture and a history. Be respectful of the other visitors and everyone you will meet. Do not hesitate to get involved in the local life, take part in some charities events, and your experience will only be enhanced! We will make sure to propose you ways to get involved alongside the locals on our Facebook page. We can also lend you some books that will allow you to understand our island better, and we'll be delighted to have a chat with you about it!

At your disposal at Santa-Lucia

Shops

From 8:00 am, the village bakery's bread and croissants are available at the bar. Don't hesitate to ask us to keep you some, especially if you enjoy oversleeping!

We also propose you our simple but tasty cooking at the restaurant, made from local quality produce. On-site or to take away.

Ice and ice-cubes are also available.

For a fresh drink or to taste one of our "Nustrale" cocktails, the bar is opened non-stop from 8:00 am to midnight.

Services

Two washing machines are available in the first toilet block (tokens for sale at the reception and at the bar).

You can put your ice packs for free at the bar.

Fridges are available for rent (depending on availability).

The wi-fi is available around the bar and the reception (2€ - 1/2 hour / 3€ - 2 hours / 5€ - 6 hours - free of charge for the bar's clients).

Information

Get more details on the next leg of your trip with Corsica Camping or on your day to day activities at the reception desk !

For everyone's wellbeing, yours and our team's, and to guaranty optimal safety conditions in compliance with the rules imposed on us, we ask you to please respect the following instructions, starting with the basic principles below:

Hydroalcoholic gel and soap dispensers are available in different locations on the campsite: use them as much as possible.

Enclosed areas:

Please respect the one way system set up indoors (toilet blocks, bar). Masks are mandatory in the reception and the bar, as well as in other common areas if the 1m distance can't be kept (laundry, dishes, barbecues etc).

Swimming-pool:

The swimming-pool hours have been adapted (9 to 13 - 14 to 21:30) and can be modified according to disinfection needs. The number of people is limited within the swimming-pool and on the deck. A one meter distance must be kept between users. A sanitising spray is available for before / after using the sunbeds. Please lay down on your towel when on the sunbeds or even directly on the deck.

Toilet blocks:

A one-way system is set up in the toilet blocks. A sanitising pray is also available for the W.C.

In common areas, please respect a 1m distance or, if not possible, wear a mask.

Accommodations :

Please ventilate the accommodation 1 hour before departure, clean all surfaces and put the sheets in a closed bag. Wearing a mask will be mandatory during the visit.

ANIMATIONS:

Animations (children's club, concerts) are unfortunately cancelled until further notice. Please do not stay in groups of more than 10 people.

Disposable masks and sanitary items:

Do not throw your masks (or anything else) on the ground. Make sure that they are thrown away in closed garbage bags.

In town

Doctor: the doctor's office is located in front of the campsite, in the same building as the pharmacist.
(+33 (0)4.95.71.41.58)
